

## Directions

Lions Bluff is next to Salt Lick Taita Sanctuary.

Lions Bluff is 48km west of Voi on the Taveta Road within the 125,000 acre Lumo Community Wildlife Sanctuary.

### Directions from Voi.

From Voi take the turning to Taveta. This turning is the Mombasa side of the Total petrol station and the Nairobi side of Petro fuel station. The first 22 km to Mwatate are new tarmac. At Mwatate the road becomes a murrum surface for the rest of the drive. The road follows the route of the railway ( now disused but once a vital supply line for the British-led forces of world war one ). Once on the murrum after Mwatate continue to Bura. You enter the Taita Hills Sanctuary by passing a cattle grid and electric fence. Continue, but be mindful of elephants, and you will come to the turning for the Taita Hills Lodge. From there it is exactly 5 km further down the road to the entrance gate to Lumo. You cross a second elephant grid to leave Taita Hills Sanctuary and immediately pass a small shop on your left. Continue about 700m from the elephant grid and you will see a sign for Lumo Community Wildlife Sanctuary and Lions Bluff on the left of the road. Turn in left here, take the most obvious track. 1km along this you will come to a fence line and the Lumo Community Wildlife Sanctuary entrance gate. You can see Lions Bluff Lodge from the gate and it is a 5 km game drive to and along the Bluff to reach the comfort of Lions Bluff.
