

Our latest BLUFF News !!

We are very pleased with all the developments that are taking place at Lions Bluff and we'd love to share a few images and highlights on this remarkable journey of ours, of upgrading the properties. Firstly a big thank you to our General Manager, Nadeem and his team, who are working relentlessly, night and day, to refurbish all the properties on site and to meet our target of opening the first 6 rooms in July this year. We are excited to making Lions Bluff one of the **BEST** lodges in the vicinity and in Kenya ! By the end of this year we intend to have completed the 12 room property with its beautiful infinity pool. By early next year we are looking at completion of our Photographer's hide, walking tunnel, wine cellar and Spa. 2 Family rooms will cater for families of 4 – 5 members each !

LEOPARDS LAIR IS NOW OPEN !!!

The **4 cottages** are located on the Lions Bluff Kopje. Each is equipped with a double and single bed – complete with bedding, hot and cold showers, a lovely terrace overlooking the stunning Conservancy with endless views of the Savannah and mountains in the distance. A large, common dining area & fully functional kitchen, public toilet is also available. Most of our guests enjoy our delicious **FULL** board accommodation though. Chef Philip takes great pride in his home cooked pastas, marinated steak and chicken lasagna as well as vegan and vegetarian meals.

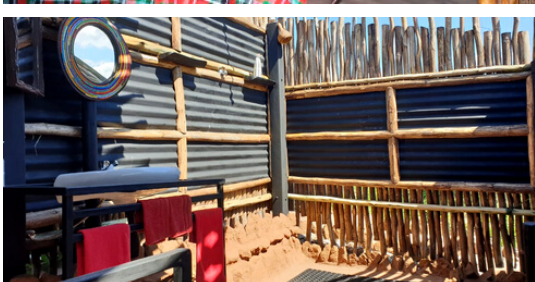

Leopards Lair is fully staffed to take care of all your needs during your stay and is ideal for families or groups of friends. Bookings can be made on self-catering basis, full board accommodation or game package or exclusive use of the entire place. For those that opt for a game package, our team will help you plan your exciting activities, over the duration of your stay. Dine under the stars or indoors ! Our fire place is simply great to hang out and tell stories and to soak up the atmosphere of being out in the bush with the wilderness below !

CHEETAH TENTED CAMP:

The **4 uniquely located tents** overlook the stunning Conservancy below with a different perspective than **Leopards Lair** ! You are closer to the many herds of elephant, giraffe, eland and more that pass by below while you are sipping a cold drink on your private tent terrace or our lovely little bar / lounge.

Each tent is equipped with an en-suite bathroom, both twin / double or triple tents are available. We cater on full board basis or our tents can also be hired just on a **"sleep-in basis"** and you can cook your own meals if you prefer in our fully equipped kitchen. **Cheetah Tented Camp** is small & personalized and offers bucket showers, a large bathroom with flush toilets and gives you the "Ernest Hemingway feel" !

CHEETAH CAMP SITE:

We are the perfect base for those who prefer to camp with their own equipment. Set on the lower side of **Lions Bluff Hill**, with nothing to distract you, but endless plains of game, beautiful mountains, clear night skies filled with millions of stars, one in a world sunsets, lions roaring and elephants trumpeting!

The amenities available during your stay will be security on site, a sheltered pergola - to lounge away from the days sun and use as a charging station, communal bathroom with flush toilet and hot & cold water shower, kitchenette (without equipment) but with a sink for washing dishes, Kuni stove for cooking and that can also be used as a fire pit in the evenings. We do not encourage open fires, at all, to avoid bushfires.

Extras that are available for sale on site are firewood and a gas stove for cooking if needed. This is the perfect place to disconnect from the everyday life and reconnect with yourself and nature. For those seeking further adventure, our staff will be delighted to let you know, on the activities on offer.

OUR ACTIVITIES:

What sets us apart from the rest is our superb location on **48,000 acres of private conservancy**, with uninterrupted views and vast amount of wildlife, game viewing remains exclusive. For those on a game package, staff is on hand to assist with planning, for the activities on offer. Walking or hiking the nearby Hills is one of our favourites but more than anything **Lumo** is a "birders' paradise" ! Our guests are thrilled with the variety of local and migratory birds, the rarely spotted Night jars and 6 endemic species only found in **Lumo** !

THE COMMUNITY WILDLIFE FUND:

We have through our CWF Project donated 206 food hampers to the villages around the area, hosted movie nights in 4 different locations around the Makitau area and taken 60 children on game drives from 3 different schools.

Sadly we do face human wildlife conflict in this areas too and for the children this was a great learning experience and for some their very first time to be on a game drive. The feedback was amazing. With the now famous "Jeannie's Bush Cinema" we continue to educate local students / elders and rangers on the importance of our wildlife for our own existence.
